HAND BADLY MASHED

Monument to Be Unvelled Next Month-Result of Cattle Experiment-Other South-Side Items.

William Edwards, a colored employee of the Richmond and Petersburg railroad, met with a horrible accident yesterday morning about 2 o'clock. 'The man was coupling cars in the yard, when his right hand was caught and badly crushed. It is believed that nearly every bone in the hand is broken. Dr. Lawrence Ingram, the railroad's physician, was called, and rendered all the medical assistance possible to the suffering man. Edwards was taken to the Retreat for the Sick in Richmond yesterday afternoon. Amputation will, of course, be necessary.

A fire alarm was sounded about 8:45 o'clock yesterday morning. The department responded and found the fire had made considerable headway in Mr. C. Sharove's store, Somebody had thrown firecrackers into the stove, and the pipe not drawing very well, the room was filled with smoke. Mr. Sharove keeps a confectionery store at 1209 Hull street, and when the firemen arrived they pushed in through the smoke but found

By the last adjustment of the post-masters' salaries, which took effect the list of July, Roanoke and Manchester are the two Virginia cities whose postmasters' salaries are reduced. They were both cut down \$100-Manchester from \$2,200 to \$2,100, and Roanoke from \$2,800 to \$2,700 "As regards Manchester," says the Evening Leader, "It is a well-known fact that a very large portion of her postal business goes to Richmond. Were we not so close to Richmond the salary attached to the Manchester office would, in all probability, be several hundred dollars more than it is." more than it is.

An excursion train will be run from Richmond and Manchester under the auspices of the Unveiling Committee. The fare for the round-trip will be at a greatly reduced price, and refreshments The fare for the Unveiling Committee, greatly reduced price, and refreshments will be provided on the grounds, consisting of all the famous specialities of old Powhatan.

Mr. Augustine Ravall

Mr. Augustine Royall, who is chair-man of the Unveiling Committee, will shortly issue a programme of the exer-cises, giving all desired information. THE CATTLE EXPERIMENTS.

THE CATTLE EXPERIMENTS.

The result of the experiments on eighteen head of cattle sent the 12th of last May to Major Walker's farm by the United States Department of Agriculture will prove interesting 1 it will be remembered that thirteen out of the eighteen had been vaccinated against the reversible condition. Toward the last of June two of the five died, and last Wednesday a third succumbed, while the remaining two are sick, one not being expected to live. Of those vaccinated, alpected to live. Of those vaccinated, al-though three or four have been sick, none have died and all are yet in good condition. They range from 1 to 9 years

None of the thirty head of cattle owned by Major Welker and kept under precisely the same confittons have been ill in the slightest degree. These cattle having been either bred and raised on the farm or purchased from owners who raised them on the commons about Manchester, went through a mild attack of the disease when calves, and have ever since been unsusceptible to it.

So far the experiments, which have been conducted under the supervision of Dr. Curtici, are most successful.

An Appeal for Assistance. The man who is charitable to himself will listen to the mute appeal for assistance made by his stomach, or his liver, in the shape of divers dyspeptic qualms and uneasy sersations in the regions of the ghands that secrete his bile. Hostetter's Stomach Bitters, my dear sir, or madam-as the case may be—is what you require. Hasten to use, if you are troubled with heartburn, wind in the stomach, or note that your skin or the whites of sour eyes are taking a sallow hue. July 10, 1896.

The Dry-Goods Market.

The Dry-Goods Market.

NEW YORK, July 9.—There has been no break in the monotony of the market at first hands to-day in dry goods. More buyers have been seen around than on any day during the week, but their interest in dry goods has proved of a languid character, and spot business has ruled slow throughout. As previously noted, the heavy curtailment of production now in progress does not spur buyers on to any extra efforts, nor has it so far resulted in any noticeable improvement in prices, outside of print-cloths, which retain the advance made toward the close of last week. 1 Fichu-Dotted Swiss, \$1.38 value, remnant price, \$8c.
2 Lace Yokes, sailor effect, ribbon trimmed, \$1.38 value, remnant price, \$8c.
1 Louis XIV. Collar, of lace and inserting, \$1.37 value, remnant price, 75c.
1 Yoke of Chiffon and Ribbon, \$2.19 value, remnant price, 55c.
